Course Restrictions
Medicine, Nursing, Pharmacy, Law, Teacher Education, Division of Information Security, Art & Design, and all courses at Sejong Campus are not open to exchange students.

** For graduate students, the departments mentioned above are restricted, as well as graduate-level Business courses (graduate courses that start with BUS, INT)

* Please be aware that registering for courses from Business School, Media & Communications, and International Studies (courses that start with BUSS, JMCO, DISS) is extremely competitive.

*Global Services Center cannot guarantee any courses for exchange students. Therefore, we ask students to be very flexible with their course selections.*

* Important Notice for graduate students

Only the departments under the <Graduate School> categories are available to exchange students except Medicine, Nursing, Pharmacy, Law, Teacher Education, Division of Information Security, Art & Design, and also graduate level Business courses (graduate courses that start with BUS, INT) and all courses at Sejong Campus

*Having said that, <Graduate School of International Studies> courses are not available to exchange students.

e.g. Course codes with IDC, IIC, IAC, IPS, IRC, IKS, IAS are courses from the <Graduate School of International Studies> which are not open to any exchange/visiting students.*
Course Registration

* Students will be notified via email about the instructions for course registration in mid-July (for fall semester) and mid-January (for spring semester). Students should do the following steps after receiving the email.

Step 1. Read the course registration instructions very carefully.
Step 2. Make a preferred course listing during the ‘Preferred Course Listing’ period.
Step 3. Check the results.
Step 4. Apply for the courses during the Course registration period.
Step 5. Try to add the course during the Add/Drop period.

*** No changes can be made after Add/Drop period ends

* At Korea University, every course has limited openings not only for exchange/visiting students but also for regular KU students. While the number of vacancies for regular KU students depends on their enrolled year (e.g. sophomore), exchange/visiting students are counted separately.

If the number of exchange/visiting students who have selected a specific course (e.g. WORLD ECONOMY AND BUSINESS) during the Preferred Course Listing is equal to or below the number of quota available to exchange/visiting students, the course will be automatically registered (The quota for exchange/visiting students is usually 15% of total enrollment in each class).

Students may refer to the course list from the corresponding semester of the previous year as it will remain similar. However, courses are subject to change every semester and we cannot guarantee its availability. Students are responsible to make a back-up plan for their course plan. KU cannot recommend or find a course for individual students in principle of fairness. It is student’s responsibility to make a backup plan (plan B) when they make their course plan.
Visa

Visa Requirements
Students are required to obtain a D-2-6 visa (exchange student visa) prior to their arrival in Korea. Required documents for visa will be sent along with the acceptance package. Please read more about the student visa [here](#).

* After they arrive in Korea, students must not leave the country before an Alien Registration Card is issued. If they do, the D-2 visa will automatically expire, making it illegal to study in the country.

※ Extra documents may be required depending on students' nationality.
※ Students of Chinese nationals who are studying outside of China MUST apply for the student visa in the country where the home university is located.

Details regarding the Alien Registration Card and part-time job can be found [here](#).
